Forages

Ace Alfalfa combines the best of both worlds with exceptional yield and excellent forage quality. Its premium quality profile is designed to meet the needs of dairy farms by delivering more milk per acre, as well as commercial hay producers who demand the highest quality.

Its outstanding winterhardiness and disease resistance package contribute to a long, productive stand life. Genetic resistance to a wide range of diseases and pests, including Aphanomyces Race 1, Race 2, and stem nematodes, further enhance its varietal endurance. Ace responds well to aggressive cutting schedules and regrows rapidly delivering multiple cuts per season.

Head to Head Yield Performance

Forage Quality

VARIETY	CP	NDF	NDFD	RFQ	TONS/ACRE	MILK/TON	MILK/ACRE
Ace	23.1	33.7	49.3	202	8.10	3,314	26,839
