Blend 4440 is a mixture of premium, certified alfalfas specifically developed to combine the strengths of our best varieties: high yields, superior winterhardiness, salt tolerance, multifoliolate expression, and unique rooting habits. The unique strengths of this blend offer suitability to a wide range of growing conditions. Demand the best, insist on Blend 4440 Alfalfa.

BLEND COMPOSITION

Ace Alfalfa (Tap Root)	Exceptional forage yield and quality. Responds well to aggressive cutting schedules and regrows rapidly throughout the growing season.
Barricade II Alfalfa (Salt Tolerant Tap Root)	Salt tolerant tap root has an outstanding disease package with high yields and is more persistent in salinity.
Dynamo Alfalfa (Multifoliolate)	High multifoliolate expression resulting in higher, softerleaved feed value.
Stronghold Alfalfa (Winterhardy Tap Root)	Excellent winter survival with good quality and persistence.
Reload Alfalfa (Branch Root)	Root system that is up to 80% branched for optimum performance in poorly drained soils. Branch root has demonstrated improved durability and persistence.
Shift Alfalfa (Sunken Crown)	Deep set crown for excellent persistence and traffic tolerance.
