Enlist E3™ soybeans contain the Enlist E3 trait that provides crop safety for use of labeled over-the-top applications of glyphosate, glufosinate and 2,4-D herbicides featuring Colex-D™ technology when applied according to label directions. The transgenic soybean event in the Enlist E3™ soybean is protected under Corteva Agriscience and M.S. Technologies, L.L.C. Patent Rights. The purchase of these seeds conveys no license under said patents to use these seeds. A license must first be obtained from Corteva Agriscience by signing a Technology Use Agreement and abiding by the terms and conditions of the Product Use Guides for all technologies in this seed, including the Herbicide Resistance Management (HRM), and Use Requirements. For more information, contact your authorized retailer or Corteva Agriscience at 1-800-667-3852 or visit [www.traitstewardship.corteva.ca](http://www.traitstewardship.corteva.ca).

Corteva Agriscience is a member of Excellence Through Stewardship (ETS). No crop or material produced from this product can be exported to, used, processed or sold across boundaries into nations where import is not permitted. For further information about your crop or grain marketing options, contact Corteva Agriscience at 1-800-667-3852.

™ ® Trademarks of Corteva Agriscience and its affiliated companies.

The transgenic soybean event in Enlist E3™ soybeans is jointly developed and owned by Corteva Agriscience and M.S. Technologies L.L.C.

Enlist Duo™ and Enlist™ 1 are the only 2,4-D products authorized for use with Enlist™ crops. Consult Enlist herbicide labels for weed species controlled.

Always read and follow label directions.
